WELCOME TO THE TRAMPOLINE & DMT LEAGUE PRESENTED BY MILANO PRO SPORT

We are pleased to announce that our 2019 Trampoline & DMT League major sponsor is Milano Pro Sport.

Milano Pro Sport has sponsored the League since 2017 and we are proud to announce that from 2019 they will be the League's major sponsor. Neil Fox, the Managing Director of Milano Pro Sport, Britain's premier gym wear manufacturer told us – 'When you buy a leotard from Milano you don't get just a leotard. You get a piece of sporting history made with care and excellence in our own factory in the UK. Not only will you look great in an exquisite design, you can have the confidence that you are wearing a leotard honed to perfection in world class performance'. See the latest collections at www.milano-pro-sport.com

The League is a unique UK provision in trampoline and DMT. The League is a system run 'by the Clubs for the Clubs' and is the only completely participation/ability based competition system in the UK. Another unique feature is that the 120 registered clubs taking part annually in the League guide the direction the League takes through an annual survey return. Changes are implemented according to a majority percentage return.

Current LTAD principles are at the heart of the League. We have added into this ability based age group system an exciting new feature in UK trampolining i.e. prize money for both Super League and DMT and TRI Cup events and we have retained a club team event.

The League may be used by anyone as an opportunity to participate in competitive trampolining as well as gain points towards the League Final. The League does not tie you to competing in the League Final unless you choose to do so.

The events may be used as 'one off events'.

There are many different age groups and up to four ability levels per discipline for competitors to enter.

League points will be allocated to competitors after the conclusion of the first two rounds of each League event providing the preliminary round routines/passes are completed, and in the case of DMT the League criteria is achieved. A competitor's best sets of points (according to criteria) from the three League events will be added together and up to the top 24 per age group per discipline will be invited to compete in the League Final.

Super League event medallists and DMT and TRI Cup winners will receive prize money providing they complete their final round of competition.

The League uses only FIG approved trampolines, DMT trampolines and time of flight equipment.

This year we are introducing an exciting new Trampoline Cup. Run in the same format as the highly successful DMT Cup we hope you enjoy the excitement of participating in this new initiative for the League.

Thank you to everyone who is working hard to make the League possible. All other League information, plus online entry is accessible through the League website at www.trampolineleague.com

2 — PROVISION OF EVENTS

2.1 - League Facilitation Team

The Trampoline and DMT League Facilitation Team is comprised from UK club officials with experience, knowledge and a commitment to serving the UK clubs:

Facilitators	Post Holder	Contact Details
Facilitator	Wayne Smith	wayne@trampolineleague.com
Facilitator	Sue Lawton	sue@trampolineleague.com
Head of Events	Andrew Wood	andrew@trampolineleague.com
Brand Manager	Philip Birkett	philip@trampolineleague.com
Secretary	Jayne Armitage	jayne@trampolineleague.com

Online Entry	Tony Fricker	tony@trampolineleague.com
Welfare Officer	Mary Neeld	mary@trampolineleague.com
Judging Co-ordinator	Yasmin Stammers	yasmin@trampolineleague.com

2.2 – Definition of Terms

Term	Definition
DMT	Double Mini Trampoline
DT	Notation for Disability Trampoline
FIG	Federation of International Gymnastics
LFT	League Facilitation Team
TMD	Time of Flight Measuring Device
ToF	Time of Flight
TRA	FIG notation for Trampoline
TRI	FIG notation for Individual Trampoline
TRS	FIG notation for Synchronised Trampoline
E Score	Execution Score

D Score	Difficulty Score
S Score	Score for Synchronisation
T Score	Time of Flight Score
H Score	Horizontal Displacement Score

2.3 – League Competition Calendar 2019

League Finals	By invitation only		Sat/Sun 9 th /10 th November 2019	Derby Arena, Royal Way, Derby. DE24 8JB

2.4 – Order of Performance

The organisation and order of the events at the qualification events will only be confirmed once entries have been received.

The entry closing dates are one month before each qualification event. The LFT aims to publish a start list, timetable plus the Officials list two weeks before the first competition day. The information will also be placed on the League website and emailed to affiliated clubs.

For all three qualifying events the League will offer full League provision as follows:-

Day 1 of the competition will consist of the following events - League 3 TRI plus DMT League 1, League 2, Super League, and the DMT Cup.

Day 2 of competition will consist of the following events - DT, TRI League 2, League 1 and Super League plus the new TRI Cup. Day 2 will also stage DMT League 3 events.

All DT events will take place during the late morning.

TRI, TRS and DMT will be arranged to avoid 'cross competing'. For the purpose of maintaining a smooth and timely running of events or where the safety, security and good performance of the competitors is a concern, the LFT reserve the right to alter the grouping of competitors and/or running order of performances as may be deemed necessary by the organiser or members of the LFT.

The organisation and order of the events at the League Finals will only be determined once entries have been received.

2.5 – Allocation of League Points

League points will be allocated according to a competitor's ranking after the first two rounds of competition providing they have completed the preliminary round routines in TRI/TRS. In DMT to be allocated points a competitor must complete both the preliminary passes and meet the minimum level criteria.

League 3 - A competitor's best two sets of points will be added together and the top ranked point holders per age group, per gender will be invited to compete in the League Final.

League 2 - A competitor's best 1.5 sets of points will be added together and the top ranked point holders per age group, per gender will be invited to compete in the League Final. (This would require a competitor to enter a minimum of two events to gain 1.5 points however entry and points from one event only may suffice).

League 1, Super League & TRS - A competitor or pairings best set of points will be ranked and top ranked point holders per age group, per gender will be invited to compete in the League Final. (This necessitates entry to only one League event to gain points and so help reduce the competition pressure on top level competitors and coaches).

Competitors may change ability level during the season. If they gain enough points at both levels to be invited to compete in the League Finals, they may only compete in one ability level per discipline (plus the Super League events) and will be required to choose their ability level.

Points will be allocated as shown below:

Position	Points
1 st	100
2 nd	75
3 rd	60
4 th	50
5 th	40
6 th	36
7 th	32
8 th	28
9 th	24
10 th	20
11 th	18
12 th	16

Position	Points
13 th	14
14 th	12
15 th	10
16 th	9
17 th	8
18 th	7
19 th	6
20 th	5
21 st	4
22 nd	3
23 rd	2
24 th	1

2.6 – Publication of Results

League points will be allocated according to a competitor's ranking after the first two rounds of competition providing they have fulfilled the criteria to be allocated points. At each League event the online scores co-ordinator system will automate the results and the League points which will appear in the 'results' section of the website. Results for Day 1 and Day 2 will be emailed wherever possible on the evening of each event.

2.7 – League Events

The League will offer the four disciplines listed below:

Trampoline Individual TRI (male and female categories in all groups, except the 9-12 League 1 age group which will be one mixed gender category).

Trampoline Synchronised TRS (one category only to include same and mixed gender pairings)

Double Mini Trampoline DMT (male and female categories)

Disability Trampoline DT (mixed gender categories)

2.7.1 – Individual Trampoline, Disability Trampoline and DMT

All TRI, DT and DMT League qualification events will consist of two rounds/passes followed by a final round consisting of the top 8 ranked performers from the first two rounds. Points will be allocated based on the rankings after the first two rounds providing the criterion to be allocated points has been achieved (see 2.5). Final rounds in the Individual categories will be zeroed at League events.

2.7.2 – Synchronised Trampoline

All TRS League qualification events will consist of two rounds only. There will not be a final round at the League qualification events. Ranking points will be allocated on completion of the first two rounds. TRS points will only be allocated to those who complete both routines.

TRS League events offer one competition group only per age group. Same gender or mixed gender pairings may enter.

If the number in any age group exceeds 14 in any qualification League event age group category, further age groups may be introduced.

2.8 – League Final

Those gaining the most number of points as defined above from their best recorded League event(s) will be invited to compete in the League Finals. (A competitor may only compete in one ability level per discipline and only once as part of a synchronised pair in any one League event. However, a competitor may compete in both their ability level and the Super League event).

2.8.1 – Individual Trampoline, Disability Trampoline and DMT Events

In the League Finals the top 8 ranked competitors will progress to the final round. The final round in TRI will be one voluntary routine. Preliminary passes may not be repeated in the DMT final round without incurring a penalty.

The total places available at the League Final will not exceed 75% of the number of unique entries per ability level/age group. Total numbers invited to compete in the Finals will be a maximum of 16 Super League and League 1 competitors, 20 League 2 competitors and 24 League 3 competitors calculated according to the formula below:

- If the unique ability level/age group entry over the season is less than 32 then the number invited to the Finals will be 75% of the unique entry, rounded up to a maximum number as shown above for each League level.
- If the total number calculated using the formula above is less than 12, then the number invited to compete in the Finals will be rounded up to 12.
- If the unique ability level/age group entry over the season is 12 or less then all competitors will be invited to the Finals in order to provide a viable competition group number.
- If an ability level/age group entry over the season is 32 or more the maximum number per group invited to compete in the Finals will be as specified for each League level.

In order to be invited to compete in the League Finals a competitor must have points allocated.

There will be a separate team event for males and females in the following disciplines - TRI & DMT. Clubs do not need to nominate teams.

The 2019 League Club Team Champions will be determined as follows:

- At the League Final the club's top four competitor's two round scores taken from across the entire event/age/ability levels will be added together.

3 – ELIGIBILITY

3.1 - Membership

All competitors in attendance at League events are required to hold the minimum of a current governing body membership.

Coaches must currently hold a governing body qualification and membership before being permitted to supervise at League events.

Judges must hold a current governing body qualification and membership before being permitted to officiate at a League event.

All competing clubs must be currently registered with their governing body.

British Gymnastics and the League Facilitation Team will check all membership eligibility on behalf of the League prior to the first League event.

3.2 – Coach Qualifications

When submitting entries for a League event, the club and coach have a duty of care towards their competitors. They will need to assume responsibility for ensuring that they are both qualified and competent to teach at the appropriate level, as well as ensuring that the participant is adequately prepared physically, emotionally and psychologically for the event. NB competitors may be entered at any League competition ability level.

If it is found that a club is in breach of these policies the LFT reserves the right to refuse an entry on the grounds of a competitor's safety or if discovered post performance to disqualify the competitor and remove their scores, ranking and League points from the official results.

The LFT will routinely monitor coach qualification with competition levels entered. If digressions are detected these will be reported to BG Ethics and Welfare.

3.3 – Safeguarding

In order to gain accreditation for the League, all coaches must have both a current DBS certificate (governing body specific), and current Safeguarding and Protecting Children Awareness training.

All competitors must have an accredited coach present on the competition floor at all times. If a competitor attends a competition without a coach they will not be allowed to compete.

3.4 – Overnight Provision for Competitors

Government legislation requires that when a club takes a competitor(s) under the age of 18 years on a journey involving an overnight stay the club must ensure that there is at least one designated trained person responsible for child protection on the trip. To adhere to the CPSU child protection standards this person must not be related to or in a relationship with the coach attending the trip.

The training for the designated person should be a governing body recognised Safeguarding and Protecting Children Awareness training.

3.5 – Age Policy

A competitor's age is determined by the age reached in the year of the competition. The minimum age for entry to the League is 9 years old in the year of competition.

3.6 – Disability Trampoline Eligibility

Disability competitions are designed to provide events for people whose disability or impairment restricts their mainstream competitive opportunities.

All competitors must have a Disability recognised by international Disability sport organisations.

Disabilities definitions are laid down by WHO (World Health Organisation) and will be adhered to.

If requested proof of disability must be submitted to the Disabilities Officer on the LFT. Registration with disabilities BG and/or governing body will be accepted as proof.

4.4-Disability Trampoline (DT) League Groups

DT groups are determined by Category:
 Category 1 = Learning Disability
 Category 2 = Physical or Sensory Disability

Minimum Age 9 in 2019. There is no upper age limit

5 – TRI LEAGUE GROUPS

5.1 – Entry Rules

Anyone may enter the League at any Level providing they fulfil governing body requirements (see Membership). No prior proof of standard is required however clubs/coaches are reminded of their duty of care to competitors when entering them and should not enter a Level that exceeds the competitor's ability.

NB There is a tariff cap of 6.5 for League 3 competitors and 8.0 for League 2. Anyone competing with tariffs above these maximum tariff requirements will have their tariff reduced to the relevant maximum level.

Competitors may enter the League at any level providing they are able to fulfil the minimum compulsory routine/pass requirements, however we ask that clubs take responsibility for entering their competitors into ability appropriate League levels and do not enter them below a level in which they could comfortably compete. Competitors may move up or down a level once they have started in the League process.

There will be age group and gender specific events in all DMT & TRI disciplines including Super League events except in DT and TRI 9-12 League 1 which will be mixed gender. TRS is also mixed gender and pairings may be same or mixed gender.

Competitors aged 15+ may enter their age group plus the Super League providing they can fulfil Super League requirements. Entry to the DMT and TRI Cup event is by invite only.

5.2 – Entry Process

Entry to all League events must be made online. The 2019 online entry process opens in March 2019. Please note that the closing dates will be strictly adhered to. The LFT reserves the right to refuse entries once numbers exceed the maximum per discipline.

Competitors may only enter in one TRS age event but pairings may be from different clubs. TRS pairings from different age groups must compete in the age group of the older partner.

All entries must be received electronically before or by the closing date at 24:00.

5.3 – Entry Levels

League 3	-	D.T, TRI, DMT
League 2	-	TRI, TRS, DMT
League 1	-	TRI, DMT
Super League	-	TRI, DMT

5.4 – Recommended Entry Levels

You may enter your competitors in any ability level of choice. You have a duty of care to enter your competitors in an ability level that is appropriate for their level of physical, psychological and emotional maturity and to ensure that they can execute the elements/routines required to enter. However we ask that clubs take responsibility for entering their competitors into ability appropriate League levels and do not enter them below a level in which they could comfortably compete.

In order to assist you with your decision please note the following equivalent transfer levels shown in the table below.

The Super League level has League specific requirements. Please take care when entering this Level that your competitor is proficient and comfortable to compete at this level. For those concentrating on training the WAGC routines in the BG structure the transfer levels may be made with no change to WAGC/FIG routines as follows:

Routine Equivalent	
League 3	NDP Performance Level 9-10yrs, NDP5 (compulsory 2), NDP6 (compulsory 2)

League 2 FIG WAGC 11-12yrs/NDP6 (compulsory 2)

League 1 WAGC 13-14 & 15/16

League 1 WAGC 17-21yrs/FIG A 17+

5.5 – Entry Fees

5.5.1 – League Events

The discounted costs shown below only apply to multiple events entered in the same League qualification event. For example a competitor will pay £48 if entering TRI age group, TRI Super League and DMT age group all in the same event.

There is no increase in entry fees in 2019 for qualification events

- Entry into 1 individual event	-	£22.00
- Entry into 2 individual events	-	£36.00
- Entry into 3 or more individual events	-	£48.00
- Entry in the DMT Cup	-	No charge

TRS is charged independently of the above structure. Entry into TRS is £24.00 per pair

5.5.2 – League Final

- Entry into 1 individual event	-	£35.00
- Entry into 2 individual events	-	£54.00
- Entry into 3 individual events	-	£63.00
- Entry into 4 individual events	-	£72.00
- Entry into the DMT Cup	-	No charge

TRS is charged independently of the above structure. Entry into TRS is £24.00 per pair.

5.6 – Methods of Payment

Payment will be processed at the same time of submitting entry. Payment can be made via credit/debit card or bank transfers. Entry fees are non-refundable after the closing date. Please note cheque payments are no longer accepted.

5.7 – Late Entries

Late entries will not be accepted.

5.8 – Withdrawals and Substitutions

Changes to entry before each closing date may be made online.

Withdrawals made prior to the closing date will not incur a penalty and the entry fee will be refunded to the Club.

Substitutions must be made prior to the start of general warm up. You may only substitute a competitor from the same club into the same ability level, same age and gender group as the competitor you have withdrawn. A substitute if not already entered in the event must show a current 2019 governing body membership card prior to being placed on the start list. DT substitutes must also provide credentials supporting their eligibility for the DT category i.e. a valid DGCC (Disability Gymnastics Classification Certificate).

Substitutions are also permitted in the Synchronised Trampoline category. The competitor(s) being substituted into the event must either:

- be already entered into the event or
- be able to show a current 2019 governing body membership card

As entry to the League Finals is by invitation only, no substitutions may be made by clubs for competitors invited to compete in the Finals.

5.9 – Change of Club

Any change of club affiliation must be notified to the Online Entry Officer. If a competitor transfers to another club after an entry has been made they may not necessarily have their new club name listed in event information i.e. the programme and competition start list.

Please note that any change of club request must be fully supported by both clubs involved. The club who created the entry has the ability to make changes, withdrawals and substitutions to their entry irrespective of any change of club requests.

5.10 – Permission to Enter

The LFT reserve the right to refuse entry to any competitor or club deemed not to be acting in the best interests of the League, or to any club deemed to be abusing the flexible level entry facility, i.e. if a competitor is deemed to be entered at a level above or below their ability.

5.11 – Requirement for Officials

The success of events will be dependent on the provision of suitably qualified and experienced Officials. All Officials will work at events in a voluntary capacity.

5.12 – Number of Officials

Number of Competitor Entries	Number of Officials Required
1-2	One official (need not be a qualified judge)
3-5	One suitably qualified judge
6-9	Two (minimum of one suitably qualified judge)
10-14	Three (minimum of two suitably qualified judges)
15-19	Four (minimum of two suitably qualified judges)
19+	Six (minimum 3 qualified judges)

For all League events clubs must supply enough officials to cover the total number of TRI, TRS, DMT, and DT entries. This requirement is discipline specific, i.e. if a club enters 3 DMT competitors, a DMT Judge should be nominated.

The total number of officials required is calculated on the combined entry size of TRS, TRI, DMT entries. The online system will not allow an entry to be submitted without the correct number of judges and volunteer officials.

Clubs are required to inform their officials of their nomination to each League event and are required to provide email addresses for all officials nominated with their online entry. Officials must be available to officiate for entire day of competition.

All Officials must be nominated prior to the closing date but may be substituted at the events for those with equivalent qualifications/experience. Substitutes must report to the Judging Co-ordinator (or representative) and show a current 2019 governing body membership card prior to being permitted to officiate.

If clubs do not provide either the requisite number of appropriately qualified or relevantly experienced officials on competition day, the club may be reduced to 'Guest' status for the event. Guest status will result in competitors from the club concerned not receiving medals, League points or prize money.

If prior to the event the Judging Co-ordinator is informed that a club is unable to provide the nominated officials as specified then the club entry will be removed and the entry fee returned.

5.13 – Officials Status and Training

Officials include trained competition marshals, computer operators and manual recorders. All Judges (and reserves) must be qualified and for League 2, League 1 and Super League events Judges should be a minimum of a County Judge level, or hold an equivalent governing body judging qualification.

Officials must stay officiating at the competition for the entire day or until the groups for which they have been appointed have concluded.

Clubs are reminded that they are responsible for training marshals and recorders. These are an important part of a competition and can seriously delay an event if untrained.

6 – DISCIPLINE SPECIFIC TECHNICAL INFORMATION

6.1 – League Event Rules

FIG rules will apply to all TRI events with the exception of the Super League.

Full FIG rules do not apply to DT, TRS and DMT events.

These categories will follow FIG competition rules with the exception of the enhanced or altered criterion as specified in this document.

FIG competition rules will apply to all DMT events with the following exception - DMT League events stipulate that a pass will only be considered complete if the competitor lands on their feet and stays on their feet until a controlled presentation has been made to the judging panel. Any competitor who fails to stay on their feet will have been deemed to have not completed their second element and will be marked from 1.

NB The above ruling does not affect any other landing/end deductions that apply to a competitor's pass and these should be deducted as appropriate.

6.2 – Individual Trampoline

6.2.1 – League 3

Ten different elements with:

At least seven somersaults with a minimum of 270° somersault rotation to include one of the following three elements:

One element of at least 270° of somersault rotation, landing on front or back, followed by an element of at least 450° somersault rotation

OR

A back somersault with 360° somersault rotation and 360° of twisting rotation

OR

A front somersault with 360° somersault rotation and 540° of twisting rotation

Maximum difficulty 6.5

6.2.2 – League 2

Ten different elements with at least nine somersaults with a minimum of 270° somersault rotation to include:

At least one somersault of least 270° somersault rotation landing on front or back, followed by an element of at least 450° somersault rotation. Plus one of the following:

A back somersault with 360° somersault rotation and 360° of twisting rotation

OR

A front somersault with 360° somersault rotation 540° of twisting rotation

OR

A somersault with 720° of somersault rotation

Maximum difficulty 8.0

6.2.3 – League 1 Junior

Relating to the 9-12yrs, 13-14yrs, and 15-16yrs age groups (WAGC routines)

Ten different elements with at least nine somersaults with a minimum of 270° somersault rotation to include -

At least one somersault of least 270° somersault rotation landing on front or back, followed by an element of at least 450° somersault rotation.

Plus

At least one somersault with a minimum of 720° somersault rotation Plus

At least one element with a minimum of 360° somersault rotation and 540° twisting rotation

These requirements cannot be fulfilled by combining them into one element but must be performed as separate elements.

6.2.4 – League 1 – Age 17-21

Relating to the 17-21 WAGC routine –

The routine consists of 10 different elements, each with a minimum of 270° somersault rotation. Two elements, marked with an asterisk (*) on the competition card, will have difficulty ratings. The difficulty will be added to the execution, time of flight and horizontal displacement scores to give the total score.

None of these two elements may be repeated in the second routine of the qualifying round otherwise the difficulty will not be counted.

6.2.5 – League 1 Senior – FIG A

Relating to the 17+yrs age group (FIG A)

Ten different elements with at least 270° somersault rotation with the following restrictions;
Four elements, marked with an asterisk (*) on the competition card, will have difficulty ratings. The difficulty will be added to the execution score to give the total score for the first routine

None of these four elements should be repeated in the second routine of the qualifying round. In the event they are repeated the difficulty will not be counted.

6.2.6 – Super League (15+)

Ten different elements with at least 270° somersault rotation with the following restrictions;

Four elements (one of which must have a minimum of 720° of somersault rotation), marked with an asterisk (*) on the competition card, will have difficulty ratings.

The difficulty will be added to the execution score to give the total score for the first routine

None of these four elements should be repeated in the second routine of the qualifying round. In the event they are repeated the difficulty will not be counted.

The voluntary routine must contain three elements with a minimum of 720° of somersault rotation none of which may have been used as an * element in the first routine. If any * element of 720° from the first routine is repeated in the second routine there will be an additional penalty of 1.0pts.

6.2.7 – TRI Cup (15+)

Building on the success of the DMT Cup the Trampoline Cup is the League’s new exciting knockout event initiative. The highest ranked top 8 males and females from the TRI League 1 (15+) and Super League events (minus first routine tariffs if applicable) will be invited to participate free of charge. Eligibility is through entry into the above TRI events, though there is no compulsion to take part. If a top 8 ranked competitor does not wish to participate or a competitor is ranked in the top 8 twice, the next ranked competitor will be invited. As this is a standalone competition competitors may repeat elements used in previous League events without penalty. The rankings determine the position on the tree and therefore the sequence of competition. The lower ranked of the competitors will always compete first. Competitors will compete in each TRI Cup round with a 10 contact routine all elements of which must be 270° of somersault rotation or more. There will be no tariff sheets submitted, instead competitors will identify 2 positions in the routine eg 9 and 10 and these two moves will be awarded difficulty. Competitors progressing to the semi final (second round) will identify 4 positions in the routine to be awarded difficulty eg 7,8,9 and 10 which will be awarded difficulty, and in the final round all elements will be awarded difficulty. There are no restrictions on repeating difficulty throughout the rounds, so the same routine may be used if wanted in all three rounds. In the event of a tie the highest ranked competitor from the preliminary rounds will progress. A cash prize will be awarded to the winner only with no prizes for lower ranked competitors.

6.3 – Trampoline Synchronised Technical Requirements

- Aged 9 to 14yrs – League 2 TRI minimum requirement (excluding the tariff restriction).
- Aged 15 to 18yrs – League 2 TRI minimum requirement (excluding the tariff restriction).
- Aged 19+ - League 2 TRI minimum requirement (excluding the tariff restriction).

6.4 – Double Mini Trampoline Technical Requirements

6.4.1 – DMT League 3

Min/Max DD: Competitors may not repeat elements in the same phase of a pass in order to satisfy criteria. Failure to meet eligibility criteria in a pass/round will result in 0.5 points deduction from each execution judge and no qualification points will be allocated.

Each element must contain a minimum of 360° of somersault rotation.
Each round must contain an element with a minimum of 180° of twisting rotations
The preliminary round must contain:

A forward rotating element in either the mount or spotter position

AND

- An element performed in the straight position

These requirements cannot be fulfilled by combining them into one element but must be performed as separate elements.

6.4.2 – DMT League 2

Min/Max DD: Competitors may not repeat elements in the same phase of a pass in order to satisfy criteria. Failure to meet eligibility criteria in a pass/round will result in 0.5 points deduction from each execution judge and no qualification points will be allocated.

Each element must contain a minimum of 360° of somersault rotation.
Each round must contain:

An element with a minimum of 720° of somersault rotation

OR

- A forward rotating element with a minimum of 540° of twisting rotation

OR

A backward rotating element with a minimum of 360° of twisting rotation

6.4.3 – DMT League 1

Min/Max DD: Competitors may not repeat elements in the same phase of a pass in order to satisfy criteria. Failure to meet eligibility criteria in a pass/round will result in 0.5 points deduction from each execution judge and no qualification points will be allocated.

Each element must contain a minimum of 360° of somersault rotation.
Each pass must contain:

An element with a minimum of 720° of somersault rotation

OR

An element with a minimum of 540° of twisting rotation

6.4.4 – DMT Super League (15+)

Min/Max DD: Competitors may not repeat elements in the same phase of a pass in order to satisfy criteria. Failure to meet eligibility criteria in a pass/round will result in 0.5 points deduction from each execution judge and no qualification points will be allocated.

Each element must contain a minimum of 360° of somersault rotation

Each pass must contain at least one element of 720° of somersault rotation

Each round must contain a pass with at least two elements containing a minimum of 720° of somersault rotation

6.4.5 – DMT Cup (15+)

The DMT Cup is the League’s exciting knockout style event. The top 8 highest preliminary scorers from the male and female 15+ League 1 and Super League events are invited to participate free of charge. Eligibility is through entry into the above DMT events though there is no compulsion to participate in the event. If a top 8 ranked competitor does not wish to participate or a competitor is ranked in the top 8 twice, the next ranked competitor will be invited. The rankings determine the position on the tree and therefore the sequence of competition. The lower ranked of the competitors will always compete first. Competitors compete with one pass each and the one with the highest score will progress to the next round. As this is a standalone competition competitors may repeat elements that they used in the League events without penalty. Competitors cannot however repeat elements used in earlier rounds of the DMT Cup, i.e. a competitor will need to use up to 3 different passes in the DMT Cup. In the event of a tie, the highest ranked competitors from the preliminary rounds will progress. A cash prize will be awarded to the winner of the event only. There are no prizes for lower places.

6.5 – Disability Trampoline Technical Requirements

DT Category 1 - Learning Disability

DT Category 2 - Physical or Sensory Disability

Each category will be competing mixed gender with the following groups:

Cat 1 Mixed gender
Cat 2 Mixed gender

In 2019 the time of flight rule will not apply

All other League rules apply unless stated below:

6.5.1 – Disability Trampoline Level 1

DT LEVEL 1 – (DT CATEGORIES 1 & 2 Mixed gender)

CRITERIA FOR THE FIRST ROUTINE

A competitor will compete with –

- a 10 contact routine
- a minimum difficulty of 2.0
- no repeated elements. The penalty for repeating an element in the routine will be termination of the routine.

CRITERIA FOR THE SECOND ROUTINE

A competitor will compete with –

- a 10 contact routine
- a minimum difficulty of 2.0

NB should an element with difficulty be repeated no difficulty will be awarded for the repeated element.

6.5.2 – Disability Trampoline Level 2

DT LEVEL 2 – (DT CATEGORIES 1 & 2 – Mixed gender)

CRITERIA FOR THE FIRST ROUTINE

A competitor will compete with –

- a 10 contact routine
- no repeated elements. The penalty for repeating an element in the routine will be termination of the routine.

CRITERIA FOR THE SECOND ROUTINE

A competitor will compete with –

- a 10 contact routine
- a maximum difficulty of 1.9

NB should an element with difficulty be repeated no difficulty will be awarded for the repeated element.

6.5.3 – Disability Trampoline Final Round

The top 8 per category per level will compete with a 10 contact routine of choice. Difficulty will apply as per the second routine for each level.

6.6 – Awards

Medals will be awarded to the top three competitors in each age category in each ability level.

6.7 – Super League Events, DMT Cup and TRI Cup Prize Money

7 – GENERAL REGULATIONS

7.1 – Entry to the Venue

All competitors, nominated coaches and nominated officials will be allowed free entry to the competition venue for the day on which they are competing, coaching or officiating.

Spectator entry fee will be applicable at each venue. Any charges will be notified in with the competition information. Programmes may be available for sale on the day of the event.

For the League Final event discounted spectator tickets will be available at a discounted rate up to one week before the event. Details will be published on the website.

7.2 – Registration

A suitably qualified coach must take responsibility for the competitor(s) from their club at each League event and sign a declaration at the check in desk situated in the competition venue.

7.3 – Difficulty Cards

Difficulty cards may be downloaded from the League website. All difficulty cards must be submitted to a Difficulty Judge on the correct panel no later than the start of the warm up. See Appendix 8.1, 8.2 and 8.3.

All difficulty cards should be completed in English or FIG notation. Where the card should be marked with asterisks to indicate required elements in first routines this must be done by the competitor or coach before the card is handed in. Likewise, all elements that require a difficulty mark should be identified before the card can be accepted. In order to validate all difficulty cards, a suitably qualified coach must sign a declaration at the check in desk on the point of arrival. Failure to do so will invalidate all results.

The LFT will routinely monitor coach qualification with competition levels entered. If digressions are detected these will be reported to BG Ethics and Welfare.

7.4 – Competition Attire

7.4.1 – Competitors

Dress is in accordance with the current FIG regulations for male/female competitors

7.4.2 – Coaches

Coaches should dress appropriately in tracksuit or equivalent club attire and training shoes.

7.4.3 – Judges and Officials

Judges should wear navy or black blazer, white shirt or blouse, navy or black trousers/skirt and black shoes. Heels are not permitted in the competition halls.

Warm up and competition marshals should wear tracksuit or equivalent club attire and training shoes. Recorders should wear white top, navy or black trousers/skirt and navy or black jacket or fleece.

Jewellery and body piercings are not allowed. Coaches will not be allowed on the competition floor if wearing jewellery (ear studs and wedding rings are permitted).

Chewing gum is not allowed.

For marching on and medal presentations, competitors must be in competition attire.

There will be Perpetual Trophies presented in 2019 for the following events:

7.10 Video, Film and Photography

Accredited photographers may be present at League events and will be made known to the audience. By entering the event there is an acceptance that the participant may be photographed and the League may publish the photograph.

Any person wishing to use video, film or take photographs may do so for personal use only. Unless specifically accredited to do so you may not take photos for sale, other commercial use or for publication in printed or electronic form, such as on websites. Clubs may publish some photos but this may only be done in accordance with the BG Child Protection Policy.

Flash may not be used at any time whilst competitors are warming up or competing. Video lights should also be turned off. If there are concerns about the identity or actions of any photographer, or if it is believed that any unsuitable photos are being taken, concerns should be reported to the League Event appointed Welfare Officer.

7.11 - Complaints Procedure

Complaints about any aspect of the League event system must be raised in writing by the Head Coach or the Club Secretary. The LFT will not respond to complaints from competitors or parents. Please email your complaint to the Head of Events and the League Facilitators at andrew@trampolineleague.com. Your complaint will be responded to within 14 days of receipt.

Checking Medication

If you have any concern or are unsure whether a medication is a restricted or banned substance please refer to the following:

Competitors can search particular brands of medications for specific ingredients. The database is accessible via UKAD website, or directly www.globaldro.com. Competitors, Coaches and support personnel are also reminded that there are other ways to check the status of medications by using either the Drug Enquiry Line on +44 (0) 800 528 0004 or by emailing information@ukad.org.uk or visit www.ukad.org.uk

Supplements

Diet, lifestyle and training should all be optimised before considering supplementation. Coaches and competitors should assess the need for supplementation and consult with an accredited sports dietician and/or registered nutritionist with expertise in sports nutrition, or doctor experienced in sports and exercise medicine before taking using supplements. Scientific evidence continues to suggest that supplements can become contaminated with restricted or banned substances during their production.

Informed Sport is an official website that provides some information on products which fall into the category of supplementation, but may have been previously tested for integrity:
